COURSE	API Design and Fundamentals of Google Cloud's Apigee API Platform
1	★★★★☆ 4.7 2,291 ratings
	In this course, you learn how to design APIs, and how to use OpenAPI specifications to document them. You learn about the API life cycle, and how the Apigee API platform helps you manage all aspects of the life cycle. You learn about how APIs can be designed using API proxies, and how APIs are packaged as API products to be used by app developers.
	SHOW ALL
COURSE	API Security on Google Cloud's Apigee API Platform
2	★★★★☆ 4.6 803 ratings
	In this course, you learn how to secure your APIs. You explore the security concerns you will encounter for your APIs. You learn about OAuth, the primary authorization method for REST APIs. You will learn about JSON Web Tokens (JWTs) and federated security. You also learn about securing against malicious requests, rate-limiting requests across a public network, and how to secure your data for users of Apigee.
	SHOW ALL
COURSE	API Development on Google Cloud's Apigee API Platform
3	★★★★☆ 4.6 1,020 ratings
	In this course, you learn how to create APIs that utilize multiple services and how you can use custom code on Apigee. You will also learn about fault handling, and how to share logic between proxies. You learn about traffic management and caching. You also create a developer portal, and publish your API to the portal. You learn about logging and analytics, as well as CI/CD and the different deployment models supported by Apigee.

3. jeden der 3 Kurse einzeln auswählen; nachfolgend **gezeigt am Beispiel API Design and Fundamentals of Google Cloud's Apigee API Platform (Kurs 1):**

The screenshot shows the Coursera interface for the course 'API Design and Fundamentals of Google Cloud's Apigee API Platform'. The page is blue and features the Google Cloud logo. It includes a search bar, navigation links, and a prominent 'Enroll for Free' button. The course is part of a specialization and has a 4.7 rating from 2,291 reviews. A '7-day full access free trial' is offered, starting on March 3. The course is already enrolled by 35,381 students. At the bottom, there is a link to 'Learn More' about Coursera Plus.

4. *Enroll for Free* klicken. Dann wird folgender Dialog angezeigt, in dem '**Audit the course**' (rot umrandet) ausgewählt wird:

The dialog box is titled '7-day Free Trial' and contains the following information:

- Unlimited access to all courses in the Specialization**: Watch lectures, try assignments, participate in discussion forums, and more.
- Cancel anytime.**: No penalties - simply cancel before the trial ends if it's not right for you.
- €36 per month to continue learning after trial ends.**: Go as fast as you can - the faster you go, the more you save.
- Certificate when you complete.**: Share on your resume, LinkedIn, and CV.

At the bottom of the dialog, there is a blue button labeled 'Start Free Trial' and a link labeled 'Audit the course' which is circled in red.

5. Somit sind alle Kursinhalte zugreifbar, ohne dafür etwas zu bezahlen, oder eine Kreditkarte zu benötigen.

Anmerkung: Wenn alle Kurse durchgearbeitet und die Inhalte verstanden und gelernt wurden, könnte man sich für 7 Tage gratis zur Specialization anmelden, und in dieser Zeit auch die Zertifikate erhalten (dazu müssen die Coursera-Prüfungen zu den Inhalten der Kurse bestanden werden), wenn das erwünscht ist.
